## **Thilo Wieland**

**Member of the Board  
Responsible for Russia, Latin America and Transport**

---

Thilo Wieland has been a member of the Executive Board of Wintershall Dea since 1 May 2019. He is responsible for Russia, Latin America as well as Transportation. The native German has over 20 years of extensive experience in the international oil and gas industry.

After graduating in Industrial Engineering from the Technical University of Berlin, Wieland worked in various operational and management positions at the Wintershall subsidiaries Wintershall Erdgas Handelshaus GmbH and Wingas.

In 2009, he joined the Wintershall Holding and served in numerous management positions. Among other things, he was General Manager for the Business Unit Libya, the responsible Vice President for Strategy and Portfolio Management, and in the lead for Nord Stream and other gas transport projects. Wieland was appointed to the Wintershall Executive Board of Directors and took over responsibility for Russia, North Africa and South America in December 2015.

As member of the Wintershall Dea Executive Board, Thilo Wieland is responsible for the Business Units Russia, Achimgaz, Argentina, Mexico, Brazil and Midstream.
