XIII International Trade Fair

Towards sustainability and innovation

The International and Exhibition Center of Bogotá – CORFERIAS, The Construction Chamber of Colombia – CAMACOL, and the Design Promotion Association of Colombia – PRODISEÑO, present the XIII edition of Expoconstrucción & Expodiseño 2015.

Expoconstrucción & Expodiseño 2015 is an international specialized trade fair that in its XIII edition positions itself as the largest scenario that promotes and the development and growth of the Construction, Architecture, Infrastructure, and Design sectors of the Pacific Alliance Region, Central America and the Caribbean. Version after version, this biennial event has become the second most representative construction trade show in Latin America, due to the participation of exhibitors and visitors, its comprehensive academic agenda, and the generation of new business opportunities with qualified national and international contacts.
